SUMMARY

Detail-oriented and motivated professional with a strong foundation in programming and problem-solving, complemented by hands-on experience in web development. Completed rigorous coursework, including CS50's Understanding Technology, which equipped me with essential technical skills and a comprehensive understanding of the digital landscape. Additionally, my studies in Innovation and Startups have honed my ability to think creatively and approach challenges with an entrepreneurial mindset. Eager to leverage my knowledge and skills to contribute to forward-thinking projects and teams.

OBJECTIVE

Motivated student specializing in artificial intelligence, seeking to leverage skills in machine learning, data analysis, and programming to contribute to innovative projects. Eager to gain hands-on experience and collaborate on cutting-edge technologies that enhance efficiency and drive impactful solutions.

EDUCATION

Study in Artificial intelligence

October 2024 - present

Bua, badr university assuit .

COURSES AND CERTIFICATES

Programming &problem solving Web development Iti_cs50's understanding tech Innovation&startups 2024 - present

Assuit .

Completed courses in Programming and Problem Solving, Web Development, and ITI_CS50's Understanding Technology, focusing on software development, algorithmic thinking, and modern web technologies. Gained skills in coding languages, frameworks, and innovation strategies, fostering a strong foundation for tech-driven solutions.
